Selection Criteria

There are three categories: Builder; Teams of Distinction; and, Sponsor.

Builder: Those who have personally contributed their time and service in coaching or administration, or a combination of both, and, who, through that service have brought honour and distinction to the club and to the soccer community of Markham. Nominee must have contributed continuous service to the club for a minimum of ten years.

Teams of Distinction: Teams who have, through their efforts on the soccer field, brought significant distinction to the Markham Soccer Club. Nominees must have represented the club in an exemplary fashion and have achieved a level of distinction through their efforts on the soccer field. Teams may also qualify, who led by example and who opened opportunities for other Markham teams who followed.

Sponsor: Those sponsors who through their generosity and support have enabled the club to provide a service to the soccer playing community of Markham. Nominee must have sponsored continuously in the Markham Soccer Club for a period of not less than ten years.

I have read the above Selection Criteria and am satisfied that the nominee meets these requirements.
